

Authorized Partner

GeoVista AB is since 2004 an authorized partner to Pitney Bowes and a reseller and trainer in their pbEncom software.

Software suite:

GIS-software: MapInfo Pro, MapInfo Discover Bundle and MapInfo Discover 3D Bundle.

Geophysics software: Discover PA, QuickMag and EMFlow.

Software training

The GIS training is pre-designed and both training material and data are provided. Geophysics software training is tailored to suit the customers requirements.

We have trained staff from mining companies, exploration companies, geological surveys and consultant companies.

Contact Us

If you are interested in getting more information about the capabilities in GIS- and Geophysics software or training you are welcome to contact us.
